SILVERARTS PHILOSOPHY

The NC SilverArts, “a celebration of the creative expression of seniors in North Carolina,” is a major component of the traditional athletic competition of North Carolina Senior Games. In a philosophy that strives to keep seniors healthy, active and involved, SilverArts unites the athlete and artist in a program that recognizes the similarities of both endeavors; discipline, dedication, and pride in one’s accomplishments.

SilverArts provides a stage for the creative talents of the visual, heritage, literary and performing artists. Encouragement and recognition of creative potential and accomplishment is the goal of the SilverArts program.

In addition to giving seniors a venue for celebrating their creative talents, it inspires people of all ages to consider the life-long benefits of artistic expression. SilverArts contributes to the “total wellness” of the whole community.

SILVERARTS HISTORY

Incorporating arts with athletics in the Senior Games program was an idea conceived in 1986 and encouraged at the local level. In the spring of 1987, Senior Games Conference defined the SilverArts philosophy implemented at present — a celebration of the artist and the creative process. For the first few years, the SilverArts celebrated the visual, literary and performing arts. Representatives selected by local games were showcased at the State Finals. Many local games added Heritage Arts to their program. Because of its popularity on the local level and numerous requests by participants and local coordinators across the state, the Heritage Arts were added as an official category in 1991.

Many participants expressed their desire for more than a showcase at State Finals. In 1993, State Finals offered a SilverArts competition and awarded first, second and third places in each sub-category of Visual, Literary and Heritage Arts; and first second, and third places in Performing Arts and Cheerleading.

At present, the SilverArts recognizes five broad categories, each with sub-categories. First, second and third place winners in each sub-category of Visual and Heritage Arts are eligible for the State Finals. First and second place qualifiers in Literary Arts in each sub-category are eligible. One overall winner in the Performing Arts and Cheerleading categories is also eligible to compete at State Finals.

The NCSG judges SilverArts at State Finals. Medals are awarded in each sub-category in Visual, Literary and Heritage Arts. Medals in Performing Arts are awarded to solo, small group (2-4 performers), and large group (5 or more performers) per sub-category. Medals in Cheerleading are awarded in three group sizes; small (4 or less), medium (5-10) and large (11 or more).

The North Carolina Senior Games is excited about the SilverArts component, its impact on citizens of all ages across the state of North Carolina, and its contribution to the completion of the total wellness cycle.
